1. A Brief History of Adult Entertainment

1.1 The Early Days: From Print to Film

The roots of adult entertainment can be traced back to the early 20th century, when erotic prints and postcards were circulated in underground markets. With the advent of motion pictures in the 1900s, the industry transitioned to film, offering a new medium for sexual expression.

Classic titles such as *Deep Throat* and *Behind the Green Door*brought the genre into mainstream conversation. This era also introduced the concept of "nude" films—movies where the focus was on the female body but without explicit sexual acts.

1.3 The Digital Revolution

The 1990s ushered in the internet, dramatically changing how adults accessed erotic content. Streaming platforms, webcams, and digital downloads made adult entertainment more accessible than ever before.
