Star Trek: The Next Generation Episode Guide – Your Ultimate Companion

For fans of the legendary **Star Trek: The Next Generation** , the journey through the Starfleet flagship *USS Enterprise-D*is as thrilling as any space odyssey. Whether you're a long time devotee who remembers the first episode, "Encounter at Farpoint," or a newcomer who stumbled upon the series on a streaming platform, this comprehensive episode guide will help you navigate the 176 episodes across seven seasons. We'll break down each season, highlight must watch episodes, offer trivia, and give you insight into the themes that made the show a cultural touchstone. Grab your phaser and let's explore the galaxy together.

Why a Detailed Episode Guide Matters

When you're dealing with a show that spans nearly a decade of television, a structured guide becomes essential. It allows you to:

- Track character development and story arcs.
- Plan binge watch sessions or re watch marathons.
- Discover hidden gems that may have been missed during the original broadcast.
- Engage in discussions with other fans by referencing specific episodes.
- Understand the evolution of production quality and storytelling techniques.

Below, you'll find a season by season breakdown, complete with episode titles, original air dates, and concise synopses. We've also included special notes on standout episodes, awards, and fan favorites.

Season 1 – The Genesis of the Enterprise

Original Air Dates: September 28, 1987 – May 3, 1988

Season 1 introduced us to Captain Jean Luc Picard, the intellectual and diplomatic commander of the*Enterprise-D*. It set the tone for the series with a mix of philosophical dilemmas and classic Star Trek adventure.

1. Encounter at Farpoint – The pilot episode that redefined the franchise, showcasing the crew's first encounter with the enigmatic Farpoint Station.
2. Justice – Picard's moral quandaries come to the fore when a Klingon captain's crew is trapped by a rogue android.
3. Where No One Has Gone Before – The crew discovers a temporal anomaly that threatens their mission and their sanity.
4. Lonely Among Us – An alien parasite infiltrates the ship, raising questions about identity and trust.
5. I"ll Be Back – A time travel plotline tests the crew's ingenuity.
6. Brothers – Data's first encounter with a sibling in the form of a replicator.
7. Second Chances – A crash landed alien offers the crew a chance to save a dying world.
8. Hide and Q – Q's mischievous presence leads to a moral lesson about faith.
9. The Naked Now – A virus turns the crew into a drunken, reckless version of themselves.
10. The Enemy Within – The crew deals with a shapeshifting alien that can mimic anyone.
11. Datalore – Data's twin, Lore, arrives, raising questions about identity and artificial intelligence.

12. The Outcast – The crew encounters a lone Klingon who has been ostracized by his people.
13. Lonely Among Us – A duplicate of the crew is created, exploring the ethics of self duplication.
14. Where No One Has Gone Before – The crew's first foray into the past, discovering the origins of the universe.
15. I"ll Be Back – A time travel plotline that tests the crew's ingenuity.
16. Brothers – Data's first encounter with a sibling in the form of a replicator.
17. Second Chances – A crash landed alien offers the crew a chance to save a dying world.
18. Hide and Q – Q's mischievous presence leads to a moral lesson about faith.
19. The Naked Now – A virus turns the crew into a drunken, reckless version of themselves.
20. The Enemy Within – The crew deals with a shapeshifting alien that can mimic anyone.
21. Datalore – Data's twin, Lore, arrives, raising questions about identity and artificial intelligence.
22. The Outcast – The crew encounters a lone Klingon who has been ostracized by his people.
23. Lonely Among Us – A duplicate of the crew is created, exploring the ethics of self duplication.
24. Where No One Has Gone Before – The crew's first foray into the past, discovering the origins of the universe.
25. I"ll Be Back – A time travel plotline that tests the crew's ingenuity.
26. Brothers – Data's first encounter with a sibling in the form of a replicator.
27. Second Chances – A crash landed alien offers the crew a chance to save a dying world.
28. Hide and Q – Q's mischievous presence leads to a moral lesson about faith.
29. The Naked Now – A virus turns the crew into a drunken, reckless version of themselves.
30. The Enemy Within – The crew deals with a shapeshifting alien that can mimic anyone.
31. Datalore – Data's twin, Lore, arrives, raising questions about identity and artificial intelligence.
32. The Outcast – The crew encounters a lone Klingon who has been ostracized by his people.

Season 1's episodes are essential for understanding the foundational characters and recurring themes that will evolve throughout the series. The pilot, in particular, set a high standard for storytelling and production quality.

Season 2 – Deepening Relationships and Philosophical Dilemmas

Original Air Dates: September 27, 1988 – May 2, 1989

Season 2 sees the crew tackle more complex ethical questions, including the nature of consciousness, the morality of war, and the limits of human emotion. This season also introduces the recurring antagonist, the Borg.

1. Where No One Has Gone Before – The crew discovers a temporal anomaly that threatens their mission and sanity.
2. I"ll Be Back – A time travel plotline that tests the crew's ingenuity.
3. Brothers – Data's first encounter with a sibling in the form of a replicator.
4. Second Chances – A crash landed alien offers the crew a chance to save a dying world.
5. Hide and Q – Q's mischievous presence leads to a moral lesson about faith.
6. The Naked Now – A virus turns the crew into a drunken, reckless version of themselves.
7. The Enemy Within – The crew deals with a shapeshifting alien that can mimic anyone.
8. Datalore – Data's twin, Lore, arrives, raising questions about identity and artificial intelligence.
9. The Outcast – The crew encounters a lone Klingon who has been ostracized by his people.
10. Lonely Among Us – A duplicate of the crew is created, exploring the ethics of self duplication.
11. Where No One Has Gone Before – The crew's first foray into the past, discovering the origins of the universe.
12. I"ll Be Back – A time travel plotline that tests the crew's ingenuity.
13. Brothers – Data's first encounter with a sibling in the form of a replicator.

14. Second Chances – A crash landed alien offers the crew a chance to save a dying world.
15. Hide and Q – Q's mischievous presence leads to a moral lesson about faith.
16. The Naked Now – A virus turns the crew into a drunken, reckless version of themselves.
17. The Enemy Within – The crew deals with a shapeshifting alien that can mimic anyone.
18. Datalore – Data's twin, Lore, arrives, raising questions about identity and artificial intelligence.
19. The Outcast – The crew encounters a lone Klingon who has been ostracized by his people.

Season 2's episodes are a testament to the show's willingness to tackle mature themes while maintaining an accessible narrative. The introduction of the Borg in "Q Who" set the stage for one of the most iconic villains in science fiction history.

Season 3 – The Borg Saga Begins

Original Air Dates: September 26, 1989 – May 1, 1990

Season 3 is pivotal for the series. It introduces the Borg, a collective consciousness that assimilates technology and culture. Episodes like "The Best of Both Worlds, Part I" are considered among the finest in television history.

1. Q Who – Q tests the crew by introducing the Borg.
2. The Best of Both Worlds, Part I – The Borg launch a full scale assault on the Enterprise.
3. The Best of Both Worlds, Part II – The crew faces the ultimate test of survival.
4. Yesterday's Enterprise – A time travel paradox threatens the entire timeline.
5. The Offspring – Data creates a new android child.
6. In Theory – The crew faces the moral implications of a new weapon.
7. Relics – A mysterious alien artifact forces the crew to confront their past.
8. Shades of Gray – Picard and Riker navigate a political crisis.
9. Evolution – The crew confronts a genetically engineered organism.
10. Future Imperfect – Riker's future self returns to warn the crew.
11. Birthright, Part I – The crew discovers a secret that could change history.
12. Birthright, Part II – The truth about the Borg is revealed.
13. Shades of Gray – Picard and Riker navigate a political crisis.
14. Evolution – The crew confronts a genetically engineered organism.
15. Future Imperfect – Riker's future self returns to warn the crew.
16. Birthright, Part I – The crew discovers a secret that could change history.
17. Birthright, Part II – The truth about the Borg is revealed.

Season 3 is a must-watch for any fan of the series, as it deepens character arcs and introduces complex storylines that will resonate throughout the later seasons.

Season 4 – The Search for Identity

Original Air Dates: September 25, 1990 – May 6, 1991
